Motion design rates

USD | GENERAL GUIDE | 23 OCTOBER 2026

15-30 second product launches, app showcases, and animated interface films.

Existing general invoice rates. NGN and USD are separate market prices, not exchange-rate conversions. Final scope and fees are confirmed in a written quote.

Service / scope	Typical fee
Startup product showcase One 15-30 second film in one agreed format.	$500 - $900
Established company showcase A product or brand story with a more involved creative scope.	$800 - $1,500
Campaign / multiple deliverables A coordinated set of films or campaign assets, scoped together.	$2,000 - $5,000+

Typical showcase quote

$750 for one polished product showcase. The ranges above are alternatives, not amounts to add together.

Included

Creative direction, animation, timing, sound design, one finished MP4 in one agreed format, and two consolidated revision rounds.

Quoted separately

Additional formats, voiceover, bespoke illustration or 3D, further revisions, rush work, and editable source files are quoted separately.

Payment

50% upfront and 50% before final delivery.
